NEWS RELEASE: U.S. Department of Education Increases Maximum Fine to \$69,733 Per Violation

February 14, 2024

On January 25, 2024 the U.S. Department of Education published final regulations in the Federal Register (available at: <https://www.federalregister.gov/documents/2024/01/25/2024-01449/adjustment-of-civil-monetary-penalties-for-inflation>). The regulations concern the inflation-adjusted amount of Civil Monetary Penalties (CMP) that can be imposed for violations of the Clery Act and the Drug-Free Schools and Communities Act (DFSCA).

As discussed in a press release NACCOP distributed in May of 2017, which is accessible [here](#), the maximum CMP must be adjusted each year for inflation, in accordance with the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015. Under the 2023 regulations, which were effective for civil penalties imposed on or assessed after January 30, 2023, whose associated violations occurred after November 2, 2015, the maximum CMP that could be imposed was \$67,544.

Moving forward, and in accordance with the 2024 regulations, the penalty amounts are being increased based on the multiplier of 1.03241 provided in OMB Memorandum No. M-24-07. The new amount that can be imposed for noncompliance with the Clery Act and the Drug-Free Schools and Communities Act is \$69,733 per violation (an increase of \$2,189 above the 2023 adjustment).

The adjusted CMPs established by these regulations are applicable only to civil penalties assessed after January 25, 2024 (the date the final regulations were published in the Federal Register), whose associated violations occurred after November 2, 2015. NACCOP members are reminded that any fines imposed for violations of the Clery Act and/or DFSCA will be a function of when the violation occurred and when the fine is assessed, based on the maximum CMP in effect at the time based on that combination of factors.
